CREATE YOUR OWN MAGICAL CREATURE

It's time to start your training to become an apprentice guardian of Beastopia, the sanctuary for magical creatures! Start by creating your very own magical creature. You can make it as big, small, strange or cute as you like, and don't forget to give it a name once you finish!

GIVE YOUR MAGICAL CREATURE A HOME

You've passed your first test, but now comes the tricky part! Think about the creature you just created and design an enclosure where it might live. Think about animals you might see at the zoo or out in nature where you live – will your magical creature need space to run around?

When does it need to sleep? How does it like to have fun? Let your imagination run wild!
